

IBEW LOCAL 569: A HISTORY OF EXCELLENCE

- Founded in 1920, IBEW Local 569 has over 80 years of electrical experience.
- Members are skilled professionals who receive ongoing training throughout their career. Not only are our members prepared for emerging technologies, they drive industry innovation.

SAN DIEGO ELECTRICAL TRAINING CENTER: RIGOROUS TRAINING, LIFELONG LEARNING

- For over 80 years, Local 569's competitive apprenticeship program has been the best in the region in quality, education and technical expertise.
- We are constantly upgrading our curriculum to include the latest technological developments.
- Instructors are the most qualified in the industry. Each one is either a direct graduate of our training program with several years of field experience or a professional engineer.
- Each graduating apprentice has 11,000+ hours of combined classroom and field experience. Journeymen are required to complete 18 training hours per year of continuing education.

BUILDING MIDDLE-CLASS CAREERS ONE APPRENTICE AT A TIME

- IBEW Local 569 doesn't just train people to do specific jobs or tasks. We create professionals with life-long career skills that become leaders in the industry.
- Members are paid middle-class wages, enabling them to afford homes and to put disposable income back into the community. All of our members have high-quality healthcare and a solid retirement pension.
- Many of our graduates go on to become business owners themselves.

SKILLED, TRAINED AND READY TO POWER THE GREEN ENERGY ECONOMY

- Established solar photovoltaic training course in 1999.
- Developing state-of-the-art training program to meet evolving energy efficiency standards.
- Training center curriculum emphasizes sustainability and green principles.
- Partnered with Mira Mesa high school to create innovative renewable energy physics class and recruit the next generation of clean energy leaders.
- San Diego union hall and training facility are highly energy efficient and have been equipped with solar panels since 2004 that generate nearly 90% of yearly energy usage.
- IBEW Local 569 hosts the San Diego Apollo Alliance, an environmental-labor initiative dedicated to building the clean economy.

To learn more about how IBEW Local 569 is creating the next generation of clean energy leaders, please contact Micah Mitrosky, Environmental Organizer, at 858-569-8900 or mmitrosky@ibew569.org!
