

**PROJECT LABOR AGREEMENT
FOR THE
CITIZENS IMPERIAL SOLAR PROJECT**

IMPERIAL COUNTY, CALIFORNIA

ARTICLE 1

INITIAL PROVISIONS

1.1 This Project Labor Agreement (“Agreement”) is entered into by DEPCOM California, Inc. (“Primary Employer”), Operating Engineers Local 12, Southwest Regional Council of Carpenters, Southern California District Council of Laborers and its affiliated Local Union 1184, IBEW Local 569, and Ironworkers Local 229 who have executed this Agreement (the “Unions”).

1.2 The Citizens Imperial Solar Project (the “Project”) is an approximately 30 MW photovoltaic solar power plant and any associated electricity storage facilities located in Imperial County, California. The Project is owned by Citizens Imperial Solar, LLC (“Owner”). The Owner and the Owner’s parents, affiliates, or subsidiaries, are not a party to this Agreement and are not bound by any article or provision of this Agreement. It is understood and agreed by and between the Parties to this Agreement that the final plans for the Project may be subject to modifications and approval by those public agencies possessing lawful approval authority over the Project, and may be modified by the Owner (including, but not limited to, modifications to reduce overall costs), and that this Agreement applies to the Project as it is finally approved and modified by such entities, agencies and/or Owner.

1.3 Primary Employer constructs, operates and maintains solar generation facilities. Primary Employer will control labor relations on the Project by entering into this Agreement, which establishes the terms and conditions of employment for employees performing Covered Work (as defined in Section 2.1) on the Project and, consistent with its normal and customary practice, will act as the general contractor on the Project and will make all decisions within the scope of the general contractor’s authority. Primary Employer regularly employ employees in the building and construction trades on their construction projects and Primary Employer expressly reserves the right to directly perform Covered Work (as defined in Section 2.1) on this Project with its own employees, who will be subject to the terms and conditions of employment set forth in this Agreement in the performance of such Covered Work.

1.4 As provided below, all construction managers, contractors, subcontractors or other persons or entities assigning, awarding or subcontracting Covered Work (as defined in Article 2), or performing Covered Work, will be subject to this Agreement by executing Attachment A, the Agreement to be Bound (all of whom, including the Primary Employer, are individually and collectively referred to as “Employer” or “Employers”). This Agreement shall not bind or apply to any parents, affiliates or subsidiaries of any Employer. Each separate Employer shall be liable for its own breach of this Agreement.

1.5 The Unions are labor organizations whose members are construction industry employees. The Unions are party to multi-employer collective bargaining agreements (“Master Agreement”) applicable to employers working within the geographic jurisdiction.

1.6 A large labor pool represented by the Unions will be required to execute the Covered Work involved in the Project. Employers wish and it is the purpose of this Agreement to ensure that a sufficient supply of skilled craft workers are available at the Project, that all construction work performed by the members of the Unions on this Project shall proceed continuously, without interruption, in a safe and efficient manner, economically with due consideration for the protection of labor standards, wages and working conditions. In furtherance of these purposes and to secure optimum productivity, harmonious relations between the parties and the orderly performance of the work, the parties to this Agreement agree to establish adequate and fair wage levels and working conditions.

1.7 In the interest of the future of the construction industry in the local area, of which the Unions are a vital part, and to maintain the most efficient and competitive posture possible, the Unions pledge to work and cooperate with the Primary Employer, Employers and with other construction employers engaged on the Project to produce the most efficient utilization of labor and equipment in accordance with this Agreement. In particular, the Unions shall make all efforts to first source local labor to the Project and shall cooperate with each Employer’s efforts to comply with all applicable laws and regulations related to such local hiring requirements.

1.8 The parties recognize the importance of solar power in assuring that California is provided with adequate supplies of renewable energy for economic growth, the creation of job opportunities and for a greater degree of energy independence. By entering into this Agreement, the parties recognize the unique nature of a solar photovoltaic power plant and that the terms and conditions covered by this Agreement are therefore unique. Accordingly, the parties have in good faith arrived at the special conditions contained in this Agreement, and the parties agree to work together jointly to support the Project and make it successful.

ARTICLE 2

SCOPE OF AGREEMENT

2.1 This Agreement covers all on-site construction, alteration, demolition or repair of buildings, structures, and other works which are part of the Project. All work covered by this Agreement is referred to as “Covered Work.” This Agreement also covers work done in temporary yards or facilities adjacent to or near the Project that is otherwise Covered Work.

2.2 The following are specifically excluded from the definition of Covered Work:

2.2.1 Any work performed on or near the Project site by federal, state, county, city or other governmental bodies and/or agencies or their contractors or work performed by utilities or their contractors.

2.2.2 Work performed by supervisors not covered by a collective bargaining agreement, technical or non-manual employees including but not limited to executives, office and clerical personnel, drafters, staff engineers, technical advisors, vendor quality control representatives, logistic and materials support, timekeepers, messengers, or any other employees above the classification of general foreman who perform administrative/clerical functions.

2.2.3 Operations and maintenance work.

2.3 Purchase of any manufactured item produced in a genuine manufacturing facility for the supply of products is not Covered Work and shall not be considered subcontracting under Article 3 below. Any offsite fabrication, kitting, preparation or other assembly of components for the Project is Covered Work and shall be performed on site. For the convenience of the Employer, such work may be performed offsite if performed in accordance with the union standards for the applicable Union established by this Agreement. Covered Work does not include creating inverter skids, if they are created, built, or assembled in a genuine manufacturing facility. Any manufacturer owned in whole or in part, or with any ownership or control relationship with a general contractor or electrical contractor shall not be recognized as a genuine manufacturer.

ARTICLE 3

SUBCONTRACTING

3.1 Primary Employer and each other Employer agree that they will contract for the assignment, awarding or subcontracting of Covered Work, or authorize another party to assign, award or subcontract Covered Work, only to a person, firm, corporation or other entity that, at the time the contract is executed, has become a party to this Agreement by executing Attachment A, the Agreement to be Bound.

3.2 Primary Employer and each other Employer agree that they will subcontract Covered Work only to a person, firm, corporation or other entity who is or becomes a party to this Agreement, who is primarily a C-10 electrical contractor (for IBEW Covered Work), and who is or becomes signatory to the Master Agreement or, in the case of a national contractor, a national agreement with the applicable Union. Any Employer performing Covered Work on the Project shall, as a condition to working on the Project, become signatory to and perform all Covered

Work under the terms of this Agreement and the Master Agreement. Before being authorized to perform any Covered Work, Employers shall become a party to this Agreement by signing Attachment A, the Agreement to be Bound and the applicable Master Agreement. Every Employer shall notify the Union in writing within five business days after it has subcontracted work, and shall at the same time provide to the Union a copy of the executed Agreement to be Bound. Any Employer not already bound to the Master Agreement, who signs and becomes bound to such agreement to participate on this Project, shall not be required to apply the terms of that Master Agreement to any other construction project for which such Employer is already engaged contractually, but shall only be required to apply such agreement to this Project and future projects which it undertakes and which are in the scope of work covered by that Master Agreement.

3.3 Any Employer not already bound to one of the agreements set forth in Section 3.2, who signs and becomes bound to such agreement to participate on this Project, shall not be required to apply the terms of that agreement to any other construction project in which such Employer is already engaged, or which such Employer has already become contractually bound to perform.

3.4 Nothing in this Agreement shall in any manner whatsoever limit the rights of the Primary Employer, or any other Employer, to subcontract Covered Work or to select its contractors or subcontractors; provided, however, that all Employers, at all tiers, assigning, awarding, contracting or performing, or authorizing another to assign, award, contract or perform Covered Work shall be required to comply with the provisions of this Agreement. Primary Employer and every other Employer shall notify each of its contractors and subcontractors of the provisions of this Agreement and require as a condition precedent to the assigning, awarding or subcontracting of any Covered Work or allowing any subcontracted Covered Work to be performed, that all such contractors and subcontractors at all tiers become signatory to this Agreement, and the applicable Master Agreement or national agreement as provided in Section 3.2. Any Employer that fails to provide the Union with a copy of the Agreement to be Bound executed by its contractor or subcontractor shall be liable for any failure of that contractor or subcontractor, or any contractor or subcontractor at a lower tier, to comply with the provisions of this Agreement, including any contributions to any trust funds that the contractor or subcontractor, or any subcontractor to that subcontractor, fails to make for Covered Work on the Project.

ARTICLE 4

WAGES AND BENEFITS

4.1 All employees performing Covered Work and covered by this Agreement (including foremen and general foremen if they are covered by the Master Agreement) shall be classified and paid wages and benefits, and

contributions made on their behalf to multi-employer trust funds, all in accordance with the applicable Union's then current multi-employer Master Agreement.

4.2 Employees performing Covered Work in the IBEW CW classification shall receive wages and benefits as specified in the most recent agreement setting wages and benefits for the IBEW CW classification.

ARTICLE 5

UNION RECOGNITION AND REFERRAL

5.1 The Employers recognize the Unions signatory to this Agreement as the sole and exclusive collective bargaining agent for their construction craft employees performing Covered Work for the Project, pursuant to Section 8(f) of the National Labor Relations Act, and further recognize the traditional and customary craft jurisdiction of the Unions.

5.2 All employees performing Covered Work shall be or shall become and then remain members in good standing of the applicable Union as a condition of employment on or before the eighth (8th) day of employment, or the eighth (8th) day following the execution of this Agreement, whichever is later.

5.3 The Unions shall be the source of all craft employees for Covered Work for the Project. Employers agree to be bound by the hiring practices of the Unions, including hiring of apprentices, and to utilize its registration facilities and referral systems.

5.4 The Unions shall exert their utmost efforts, including requesting assistance from other local unions, to recruit a sufficient number of skilled craftsmen to fulfill the manpower requirements of the Employers. In the event the referral facilities maintained by the Union does not refer the employees as requested by the Employer within a forty-eight (48) hour period after such requisition is made by the Employer (Saturdays, Sundays and holidays excepted), the Employer may employ applicants from any source, but shall arrange for a dispatch to be issued for those applicants from the Union within forty-eight (48) hours of the commencement of employment, and the dispatch shall upon request be issued by the Union to the employee. Employer will notify the Union of such gate-hires.

5.5 Each Union shall have the right to designate a working journeyman as a working steward. The steward shall be a qualified employee performing the work of that craft and shall not exercise any supervisory functions. The steward shall be concerned with the employees of the steward's Employer and not with the

employees of any other Employer. A steward shall be allowed sufficient time to perform his/her duties.

ARTICLE 6

WORK STOPPAGES AND LOCKOUTS

6.1 During the term of this Agreement, there shall be no strikes, sympathy strikes, picketing, work stoppages, slow downs, handbilling where the handbilling relates to the Project or to the Owner, Employer, or other Employer working or providing work on the Project, or interference with the work or other disruptive activity of any kind at the Project site for any reason by the Union, its agents, representatives, or by any employee, and there shall be no lockout by any Employer. Failure of either a Union or an employee to cross any picket line established at the Employer's project site is a violation of this Article.

6.2 The Unions shall not sanction, aid or abet, encourage, condone or participate in or continue any work stoppage, delay, strike, picketing or any other disruptive activity at the Project site and shall undertake all reasonable means to prevent or to terminate any such activity. No employee shall engage in activities which violate this Article. Any employee who participates in or encourages any activities which interfere with the normal operation of the Project or which violate this Article, shall be subject to disciplinary action, including discharge, and, if justifiably discharged for the above reasons, shall not be eligible for rehire or further work on the Project.

6.3 A Union shall not be liable for acts of employees that it does not represent. With respect to employees the Union does represent, the principal officer or officers of the Union will immediately instruct, and order and use the best efforts of his office to cause such employees to cease any violations of this Article. A Union complying with this obligation shall not be liable for any unauthorized acts of the employees it represents. The failure of the Employer to exercise its right in any instance shall not be deemed a waiver of its right in any other instance.

6.4 The Unions agree that if any union or any other persons, whether parties to this Agreement or otherwise, engage in any picketing or work stoppages, the signatory Unions shall consider such work stoppage or picketing to be illegal and refuse to honor such picket line or work stoppage.

6.5 In the event of any work stoppage, strike, sympathy strike, picketing, handbilling or interference with the work or any other disruptive activity at the Project site in violation of this Article, the Primary Employer may suspend all or any portion of the Project work affected by such activity at the Primary Employer's discretion and without penalty.

6.6 In lieu of, or in addition to, any other action at law or equity, any party may institute the following procedure when a breach of this Article is alleged, after the Union has been notified of the fact, understanding that the grieving party has the discretion to opt for resolution of any dispute under this Article or through Article 8 instead.

6.6.1 The party invoking this procedure shall notify Thomas Pagan, Norman Brand or Joe Grodin, who the parties to this agreement agree shall be the permanent Arbitrators under this procedure. In the event that any of the permanent Arbitrators is unavailable at any time, the American Arbitration Association shall select an alternative arbitrator within twenty-four (24) hours of notice. Notice to the Arbitrator shall be by the most expeditious means available, with notice by fax or electronic means or any other effective written means to the party alleged to be in violation and the Union.

6.6.2 Upon receipt of said notice, the Arbitrator selected above shall set and hold a hearing within twenty-four (24) hours if it is contended that the violation still exists or is threatened to resume.

6.6.3 The Arbitrator shall notify the parties by fax or electronic means or any other effective written means of the place and time he has chosen for this hearing. Said hearing shall be completed in one session. A failure of any party or parties to attend said hearing shall not delay the hearing of evidence or issuance of an Award by the Arbitrator.

6.6.4 The sole issue at the hearing shall be whether or not a violation of this Article has in fact occurred. The Award shall be issued in writing within three (3) hours after the close of the hearing, and may be issued without an opinion. If any party desires an opinion, one shall be issued within fifteen (15) days, but its issuance shall not delay compliance with, or enforcement of, the Award. The Arbitrator may order cessation of the violation of this Article by the Union, and such Award shall be served on all parties by hand or registered mail or by electronic mail upon issuance. The Union accepts service pursuant to any of the foregoing means of notice and expressly waives notice by more formal means.

6.6.5 Such Award may be enforced by any court of competent jurisdiction upon the filing of this Agreement and all other relevant documents referred to hereinabove in the following manner. The fax or electronic notice of the filing of such enforcement proceedings shall be given to the other party. In the proceeding to obtain a temporary order enforcing the Arbitrator's Award as issued under Section 6.6.4 of this Article, all parties waive the right to a hearing and agree that such proceedings may be ex parte. Such agreement does not waive any party's right to participate in a hearing for a final order of enforcement. The Court's order or orders enforcing the Arbitrator's Award shall be served on all parties by hand or by delivery to their last known address or by registered mail or by electronic mail.

All parties waive the right to require the issuance of a bond or other security for issuance of an injunction or an appeal to a refusal to issue one under this Article.

6.6.6 Any rights created by statute or law governing arbitration proceedings inconsistent with the above procedure or which interfere with compliance therewith are hereby waived by the parties to whom they accrue.

6.6.7 The fees and expenses of the Arbitrator shall be borne by the party or parties found in violation, or in the event no violation is found, such fees and expenses shall be borne by the moving party.

6.6.8 If the Arbitrator determines that a violation has occurred in accordance with Section 6.6.4 above, the party or parties found to be in violation shall pay as liquidated damages the following amounts: for the first shift in which the violation occurred, \$10,000; for the second shift, \$15,000; for the third shift, \$20,000; for each shift thereafter on which the craft has not returned to work, \$20,000 per shift. The Arbitrator shall retain jurisdiction to determine compliance with this section and this Article.

6.7 The procedures contained in this Article shall be applicable to alleged violations of this Article. Disputes alleging violation of any other provision of this Agreement, including any underlying disputes alleged to be in justification, explanation or mitigation of any violation of this Article, shall be resolved under the grievance procedures of Article 8.

6.8 Notwithstanding the provisions of Section 6.1 above, it is agreed that with forty eight (48) hours prior written notice to the Primary Employer, the Union retains the right to withhold the services of its members from a particular contractor or subcontractor who fails with respect to work on the Project to make timely payments to the Union's benefit plans or to pay timely its weekly payroll in accordance with its agreements with the Union; provided, however, that in the event the Union or any of its members withhold their services from such contractor or subcontractor, Primary Employer shall have the right to replace such contractor or subcontractor with any other contractor or subcontractor who executes the Agreement to be Bound.

6.9 In the event that the Master Agreement of a Union expires and the parties to that agreement fail to reach agreement on a new contract by the date of expiration, the Union shall continue to provide employees to the Employers working on the Project under all the terms of the expired agreement until a new agreement is negotiated, at which time all terms and conditions of that new agreement shall be applied to Covered Work at the Project, except to the extent they conflict with any provision of this Agreement. In addition, if the new Master Agreement provides for wage or benefit increases, then any Employer shall pay to its employees who performed Covered Work at the Project during the hiatus between the effective

dates of such labor agreements, an amount equal to any such wage and benefit increases established by the new labor agreement applicable to such work performed during the hiatus.

ARTICLE 7

WORK RULES, HOLIDAYS

7.1 The standard work day shall consist of eight (8) hours of work between 6:00 a.m. and 5:30 p.m. with one-half hour designated as an unpaid period for lunch. The standard work week shall be five (5) consecutive days starting on Monday. Nothing herein shall be construed as guaranteeing any employee eight (8) hours of work per day or forty (40) hours of work per week.

7.2 Handling and installation of PV modules will be primarily performed by employees in the IBEW CW classification. There shall be at least one journeyman and one apprentice for each four CWs.

7.3 There shall be at least one journeyman for each one apprentice for IBEW Covered Work other than PV module handling and installation.

7.4 Employers may utilize Ironworker apprentices for all Ironworker Covered Work, provided that there shall be at least one journeyman for each one apprentice.

7.5 It will not be considered a violation of this Agreement when the Primary Employer or any Employer considers it necessary to shut down to avoid loss of human life because of an emergency situation that could endanger life or safety. In such cases, employees will be compensated only for the actual time worked. In case of a situation described above whereby the Primary Employer or any Employer requests employees to wait in a designated area available for work the employees will be compensated for the waiting time.

7.6 Recognized holidays shall be as follows: New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day, Day after Thanksgiving and Christmas Day. Under no circumstances shall any work be performed on Labor Day except in cases of emergency involving life or property. In the event a holiday falls on Saturday, the previous day, Friday, shall be observed as such holiday. In the event a holiday falls on Sunday, the following day, Monday, shall be observed as such holiday. There shall be no paid holidays. If employees are required to work on a holiday, they shall receive the appropriate rate as provided in the Master Agreement not to exceed double the straight time rate of pay.

7.7 A four (4) day, ten (10) hour per day work week may be established with one week's notice. Forty (40) hours per week Monday through Thursday

constitutes the work week. The first two (2) hours of overtime, the eleventh (11) and twelfth (12) hour, will be paid at time and one-half. Hours beyond twelve (12) will be paid in accordance with the applicable Master Agreement, not to exceed double time. Overtime on Friday will be paid at time and one-half for the first eight (8) hours; hours beyond eight (8) and all work on Saturday will be paid at the rate established in the Master Agreement, not to exceed double time. Work on Sunday shall be paid at double time. There shall be no make-up days.

7.8 The Employer may establish two four (4) day ten (10) hour per day shifts at the straight time rate of pay Monday through Thursday. The first shift shall be ten (10) hours pay for ten (10) hours worked at the regular straight time hourly rate, exclusive of a thirty (30) minute unpaid meal period. The second shift shall be ten (10) hours pay for ten (10) hours worked, exclusive of a thirty (30) minute unpaid meal period, plus the shift differential set forth in the Master Agreement.

ARTICLE 8

GRIEVANCE PROCEDURE

8.1 It is mutually agreed that any question arising out of and during the term of this Agreement involving its interpretation and application (other than successorship) shall be considered a grievance. Questions between or among parties signatory to the Master Agreement arising out of or involving the interpretation of the Master Agreement shall be resolved under the grievance procedure provided in the Master Agreement.

8.2 The Primary Employer and other Employers, as well as a Union, may bring forth grievances under this Article.

8.3 A grievance shall be considered null and void if not brought to the attention of the Employer(s) within five (5) working days after the incident that initiated the alleged grievance occurred or reasonably should have been discovered, whichever is later. The term "working days" as used in this Article shall exclude Saturdays, Sundays or holidays regardless of whether any work is actually performed on such days.

8.4 Grievances shall be settled according to the following procedure (provided that grievances that do not involve an individual grievant or grievants shall be discussed by Primary Employer and the Union, and then, if not resolved within five (5) working days of written notice unless extended by mutual consent, shall commence at Step 2):

Step 1

The Steward and the grievant shall attempt to resolve the grievance with the craft supervisor within five (5) working days after the Grievance has been brought to the attention of the Employer.

Step 2

In the event the matter remains unresolved in Step 1 above after five (5) working days, within five (5) working days thereafter, the alleged grievance may be referred in writing to the Business Manager of the Union or his designee and the site construction manager or Labor Relations representative of the Employer(s) for discussion and resolution. A copy of the written grievance shall also be mailed, faxed or emailed to the Primary Employer.

Step 3

In the event the matter remains unresolved in Step 2 above within five (5) working days, within five (5) working days thereafter, the grievance may be referred in writing to the Business Manager of the Union or his designee and the Manager of Labor Relations of the Employer(s) or the Manager's designated representative and the Primary Employer for discussion and resolution.

Step 4

If the grievance is not settled in Step 3 within five (5) working days, within five (5) days thereafter, either party may request the dispute be submitted to arbitration or the time may be extended by mutual consent of both parties. The request for arbitration and/or the request for an extension of time must be in writing with a copy to the Primary Employer. Should the parties be unable to mutually agree on the selection of an Arbitrator, selection for that given arbitration shall be made by seeking a list of seven (7) labor arbitrators with construction experience from the Federal Mediation and Conciliation Service and alternately striking names from the list of names on the list until the parties agree on an Arbitrator or until one name remains. The first party to strike a name from the list shall alternate between the party bringing forth the grievance and the party defending the grievance.

8.5 The Arbitrator shall conduct a hearing at which the parties to the grievance shall be entitled to present testimonial and documentary evidence. Hearings will be transcribed by a certified court reporter. The parties shall be entitled to file written briefs after the close of the hearing and receipt of the transcript.

8.6 Upon expiration of the time for the parties to file briefs, the Arbitrator shall issue a written decision that will be served on all parties and on the Primary Employer. The Arbitrator shall have the authority to utilize any equitable or legal remedy to prevent and/or cure any breach or threatened breach of this Agreement. The Arbitrator's decision shall be final and binding as to all parties signatory to this Agreement.

8.7 The cost of the Arbitrator and the court reporter, and any cost to pay for facilities for the hearing, shall be borne equally by the parties to the grievance. All other costs and expenses in connection with the grievance hearing shall be borne by the party who incurs them.

8.8 The Arbitrator's decision shall be confined to the issue(s) posed by the grievance and the Arbitrator shall not have the authority to modify, amend, alter, add to or subtract from any provision of this Agreement.

8.9 Any party to a grievance may invite the Primary Employer to participate in resolution of a grievance. The Primary Employer may, at its own initiative, participate in Steps 1 through 3 of the grievance procedure.

8.10 In determining whether the time limits of Steps 2 through 4 of the grievance procedure have been met, a written referral or request shall be considered timely if it is personally delivered, sent by overnight mail, electronic mail, or faxed within the five (5) working day period. Any of the time periods set forth in this Article may be extended in writing by mutual consent of the parties to the grievance. Failure to process a grievance, or failure to respond in writing within the time limits provided above, without a request for an extension of time, shall be deemed a waiver of such grievance to the other without prejudice, or without precedent to the processing of and/or resolution of like or similar grievances.

8.11 In order to encourage the resolution of disputes and grievances, the parties agree that settlements shall not be precedent setting.

ARTICLE 9

WORK JURISDICTION AND PRE-JOB MEETINGS

9.1 All Covered Work will be assigned to the appropriate Union as identified in Attachment B. Where a Work Activity shows more than one union, jurisdiction will be based on traditional and customary building trades jurisdiction.

9.2 Prior to the commencement of work at the site of construction the Primary Employer shall hold a Pre-Job Conference with the Unions for the purpose of discussing the scope, schedule, manpower requirements, and jurisdictional work assignments. A Pre-Job Conference will be held prior to the commencement of work to establish the scope of work in each contractor's contract.

9.3 In the event of any jurisdictional or similar dispute concerning the Employer's assignment of work on this Project, the Employer and the Unions agree to cooperate to attempt to resolve such dispute expeditiously and efficiently; however, nothing in this Section shall require the Unions to agree to any modification of this Agreement. Any remaining jurisdictional disputes shall be resolved by the aggrieved party bringing a grievance under Article 8, beginning with Section 8.4, Step 4. The provisions of Article 6 apply at all times. Any award as a result of a jurisdictional dispute shall be prospective, and no back-pay awarded except in the case of a knowing violation of an established practice under Attachment B. This Article (including Attachment B), rather than any jurisdictional dispute resolution procedure in a Union's Master Agreement, shall apply to jurisdictional disputes involving the assignment of work on this Project to a Union.

ARTICLE 10

GENERAL WORKING CONDITIONS

10.1 The selection of craft foremen and/or general foremen shall be entirely the responsibility of the Employer, it being understood that in the selection of such foremen and/or general foremen the Employer will give primary consideration to the qualified individuals referred to the Employer who are available in the local area. After giving such consideration, the Employer may select such individuals from other areas. All foremen shall take orders from the designated Employer representatives.

10.2 There shall be no limit on production by employees or restrictions on the full use of tools or equipment. Employees using tools shall perform any of the work of the trade and shall work under the direction of the craft foremen. There shall be no restrictions on efficient use of manpower other than as may be required by safety regulations.

10.3 The Primary Employer shall establish and employees shall observe such reasonable project job site work rules as the Employer deems appropriate. These rules will be reviewed and discussed at the Pre-Job conference, distributed to all employees, posted at the project site by the Primary Employer, and may be amended thereafter as necessary.

ARTICLE 11

MANAGEMENT RIGHTS

11.1 The Primary Employer and Employers retain and shall exercise full and exclusive authority and responsibility for the management of their respective operations and work forces, except as expressly limited by the terms of this

Agreement or the Master Agreement. This authority includes, but is not limited to, the rights retained by Employers under the Master Agreement and the rights to:

11.1.1 Plan, direct and control the operation of all the work.

11.1.2 Decide the number and type of employees required for the work.

11.1.3 Hire, promote and lay off employees as deemed appropriate to meet work requirements and/or skills required, and to select and hire directly all supervisory personnel above the classification of general foreman it considers necessary and desirable, without such persons being referred by the Union.

11.1.4 Discharge, suspend or discipline employees in accordance with the applicable Master Agreement.

11.1.5 Require all employees to observe the Primary Employer's, Employers' and Owners' reasonable Project Rules, Security, Environmental and Safety Regulations, consistent with the provisions of this Agreement. These Project Work Rules and Regulations shall be supplied to the Union, to all employees and posted on the job site.

11.1.6 Determine the work methods and procedures

11.1.7 Determine the competency of all employees.

11.1.8 Assign and schedule work at its sole discretion and determine when overtime will be worked. There shall be no refusal by any Union to perform work, including overtime work, assigned. Such cases shall be subject to the grievance procedure.

11.1.9 Utilize any safe work methods, procedures or techniques and select and use any type or kind of materials, apparatus or equipment regardless of source, manufacturer or designer.

11.1.10 Purchase materials or equipment from any source it deems appropriate.

11.1.11 The Unions understand the importance of maintaining construction quality and maintaining the construction schedule. The Unions also understand the unique nature of solar photovoltaic work and that construction errors or delays in construction can result in the loss of production, which creates a great loss to Primary Employer. Therefore, the Unions will encourage and advise the employees to exhaust every effort, ways, and means to perform work of good quality and quantity. The Parties recognize the necessity for eliminating restrictions and promoting efficiency and agree that no rules, customs, or practices shall be permitted that limit production, efficiency, or increase the time required to

do the work, and no limitation shall be placed upon the amount of work which an employee shall perform, nor shall there be any restrictions against the use of any kinds of machinery, tools, or labor-saving devices. No rule or regulation shall be adopted that compromises employee safety. Nothing in this Agreement shall require any employee to engage in an unsafe work practice. The Employer may utilize any methods or techniques of construction, tools, or other labor saving devices to accomplish the work.

11.1.12 The use of new technology, equipment, machinery, tools, and/or labor saving devices and methods of performing work may be initiated by Employer from time-to-time during the Project. Unions agree that they will not in any way restrict the implementation of such new devices or work methods. If there is any disagreement between the Employer and Unions concerning the manner or implementation of such device or method of work, the implementation shall proceed as directed by the Employer, and Unions shall have the right to grieve and/or arbitrate the dispute as set forth in Article 8 of this Agreement.

11.1.13 The foregoing listing of management rights shall not be deemed to exclude other functions not specifically set forth. The Employers, therefore, retain all legal rights not specifically given up in this Agreement.

ARTICLE 12

SUCCESSORSHIP AND SURVIVABILITY

12.1 The subcontracting obligations described in Article 3 are independent obligations of Primary Employer which shall survive any full or partial termination of Primary Employer's involvement in the Project for any reason, including, without limitation: (i) any full or partial termination or transfer of Primary Employer's right to control and coordinate construction work on the Project; (ii) any full or partial termination or transfer of a contract, if any, between Primary Employer and any Owner for any Covered Work; (iii) the transfer of all or any portion of the Project or any interest in the Project by any Project Owner; or (iv) any other event that results in the replacement of Primary Employer with another contractor.

12.2 The parties agree that: (i) if Primary Employer's involvement in the Project is terminated as described in Section 12.1, and (ii) Covered Work is performed by a contractor or subcontractor that is not in compliance with the provisions of Article 3, then Primary Employer shall pay liquidated damages, as described in Section 12.3, to compensate for the actual damages caused by reason thereof. The parties agree that such damages would be unreasonably difficult, costly, inconvenient or impracticable to calculate and, accordingly, they agree to liquidated damages which bear a reasonable relationship to the actual harm suffered by the Union and their members, as provided in Section 12.3 ("Liquidated Damages").

12.3 In the event that Liquidated Damages are owed as described in Section 12.2, Primary Employer shall pay \$30.00 for each hour that work was performed on the Project within the scope of this Agreement by employees of contractors or subcontractors who are not signed to this Agreement. The Liquidated Damages shall be paid as follows: Half to the qualified pension plan and half to the qualified health and welfare plan of the Union having jurisdiction over the work performed by the contractor not signatory to this Agreement. The parties agree that the Unions shall enforce, collect and receive Liquidated Damages pursuant to Article 12 on behalf of its qualified pension plan and its qualified health and welfare plan. The qualified pension plans and the qualified health and welfare plans shall have no right to enforce independently the provisions of this Agreement, including, but not limited to, the Liquidated Damages provisions contained in Article 12. This Agreement to pay liquidated damages does not constitute a waiver of the Primary Employer's ability to contest any claim that it has violated Article 12 or the calculation of the amount of liquidated damages owed.

12.4 Upon execution and delivery of an agreement assuming all the obligations of this Agreement by a contractor capable of performing the Covered Work, and acceptance of this agreement by the Union, Primary Employer shall be released from liability for the payment of liquidated damages under Section 12.3 and shall have no liability for any breach of this Agreement by a successor employer or contractor.

12.5 This Article shall be enforceable in any court of competent jurisdiction, and shall not be subject to the grievance procedure of Article 8.

ARTICLE 13

HELMETS TO HARDHATS

13.1 The Employers and Unions recognize a desire to facilitate the entry into the building and construction trades of veterans and members of the National Guard and Reserves who are interested in careers in the building and construction industry. The Employers and Unions agree to utilize the services of the Center for Military Recruitment, Assessment and Veterans Employment ("Center"), a joint Labor-Management Cooperation Trust Fund, established under the authority of Section 6(b) of the Labor-Management Cooperation Act of 1978, 29 U.S.C. Section 175(a), and Section 302(c)(9) of the Labor-Management Relations Act, 29 U.S.C. Section 186(c)(9), and a charitable tax exempt organization under Section 501(c)(3) of the Internal Revenue Code, and the Center's "Helmets to Hardhats" program to serve as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring, support network, employment opportunities and other needs as identified by the parties.

13.2 The Unions and Employers agree to coordinate with the Center to create and maintain an integrated database of veterans and members of the National Guard and Reserves interested in working on this Project and apprenticeship and employment opportunities for this Project. To the extent permitted by law, the Union will give credit to such veterans and members of the National Guard and Reserves for bona fide, provable past experience.

13.3 In recognition of the work of the Center and the value it will bring to the Project, within thirty (30) days of the commencement of Covered Work, Primary Employer shall make a onetime contribution of \$5,000 to the Center on behalf of itself and all other Employers employing workers under the terms of this Agreement.

13.4 The Center shall function in accordance with, and as provided in the Agreement and Declaration of Trust creating the fund, and any amendments thereto, and any other of its governing documents. Primary Employer approves and consents to the appointment of the Trustees designated pursuant to the Trust Agreement establishing the Center and hereby adopts and agrees to be bound by the terms and provisions of the Trust Agreement.

ARTICLE 14

GENERAL PROVISIONS

14.1 If any article or provision of this Agreement shall become invalid, inoperative and/or unenforceable by operation of law or by declaration of any competent authority of the executive, legislative, judicial or administrative branches of the federal or state government, the parties shall suspend the operation of such article or provision during the period of its invalidity, and the Primary Employer and the Unions shall negotiate in its place and stead an article or provision that will satisfy the objections to its validity and that, to the greatest extent possible, will be in accord with the intent and purpose of the article or provision in question. The new article or provision negotiated by the Primary Employer and the Unions shall be binding on all parties signatory to this Agreement. At all times relevant the provisions of Article 6 will apply.

14.2 If any article or provision of this Agreement shall be held invalid, inoperative or unenforceable by operation of law, or by any of the above mentioned tribunals of competent jurisdiction, the remainder of the Agreement or application of such article or provision to persons or circumstances other than to which it has been held invalid, inoperative or unenforceable shall not be affected thereby.

14.3 The provisions of this Agreement shall take precedence over conflicting provisions of the Master Agreement or any other local, area, regional, or national collective bargaining agreement

14.4 Except as enumerated in this Agreement, all other terms and conditions of employment described in the Master Agreement shall apply.

14.5 This Agreement may be amended or otherwise modified by mutual agreement in writing between Primary Employer and the Unions. Employers executing the Agreement to be Bound acknowledge and accept all such amendments and modifications executed prior to their respective execution of the Agreement to be Bound.

14.6 Each person executing this Agreement represents and warrants that he or she is authorized to execute this Agreement on behalf of the party or parties indicated.

14.7 This Agreement may be executed in any number of counterparts, and each counterpart shall be deemed to be an original document. All executed counterparts together shall constitute one and the same document, and any signature pages may be assembled to form a single original document.

ARTICLE 15

TERM OF AGREEMENT

15.1 The term of this Agreement shall commence on the date indicated below as the date of execution, and shall continue in effect until completion of all Covered Work pursuant to Article 2.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed and effective as of _____, 2018.

ATTACHMENT A
AGREEMENT TO BE BOUND

PROJECT LABOR AGREEMENT
CITIZENS IMPERIAL SOLAR PROJECT

The undersigned hereby certifies and agrees that:

- 1.) It is an Employer as that term is defined in Section 1.4 of the Citizens Imperial Solar Project Labor Agreement (“Agreement”) because it has been, or will be, awarded a contract or subcontract to assign, award or subcontract Covered Work on the Project (as defined in Article 2 of the Agreement), or to authorize another party to assign, award or subcontract Covered Work, or to perform Covered Work.
- 2.) In consideration of the award of such contract or subcontract, pursuant to Section 8(f) of the National Labor Relations Act, and in further consideration of the promises made in the Agreement and all attachments thereto (a copy of which was received and is hereby acknowledged), it accepts and agrees to be bound by the terms and conditions of the Agreement, together with any and all amendments and supplements now existing or which are later made thereto.
- 3.) If it performs Covered Work, it will be bound by the legally established trust agreements designated in local master collective bargaining agreements, and hereby authorizes the parties to such local trust agreements to appoint trustees and successor trustee to administer the trust funds, and hereby ratifies and accepts the trustees so appointed as if made by the undersigned.
- 4.) It has no commitments or agreements that would preclude its full and complete compliance with the terms and conditions of the Agreement.
- 5.) It will secure a duly executed Agreement to be Bound, in form identical to this document, from any Employer(s) at any tier or tiers with which it contracts to assign, award, or subcontract Covered Work, or to authorize another party to assign, award or subcontract Covered Work, or to perform Covered Work.
